

## MR. ROOSEVELT READY TO SAIL

*Spends His Day Making the  
Final Arrangements.*

*Says His Quarters on Steamer  
Are Just "Bully."*

*Big Crowds Follow Him  
With Cries of "Teddy."*

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 22.—[Exclusive Dispatch.] Racing through the city like a meteor, stopping here and there to greet relatives and friends and to perfect details having to do with his departure for Naples tomorrow, Theodore Roosevelt was at once the busiest and most conspicuous figure in New York today.

Wherever he went there were cries of "Teddy," and when he went to Hoboken to inspect his quarters on the Hamburg, a squad of police was required to prevent the crowd at the pier from kidnapping him in its enthusiasm. Arriving in the city via the Thirty-fourth-street ferry a few minutes after 9 o'clock in the morning, he returned to Oyster Bay at 4:20 o'clock in the afternoon.

Mr. Roosevelt was on his lawn at Sagamore Hill long before the sun arose. He was joined by his daughter, Mrs. Alice Longworth and Miss Ethel, and they walked about the hill in company, enjoying the air, which was chilly and bracing. The neighbors were lighting their breakfast fires when the Roosevelt family enjoyed their morning meal, and the former President hastened to Oyster Bay to catch the train at 7:10 o'clock. Mr. Roosevelt was accompanied to New York by Miss Ethel and Kermit.

Mr. Roosevelt frowned perceptibly when he read the attack made upon him by a Socialist minister, who assailed his attitude upon the theory of socialism and arraigned his use of the English language.

"What do you think of the criticism?" asked a reporter who had accompanied him from Oyster Bay.

"What do I think?" echoed the former President with a snap of his jaw. "I think I am in other business than that of answering every socialist fool who lacks at me for the sole purpose of advertising himself. You see, one can't hit a cockroach with a stick—one steps upon him, and even then one must be careful lest he soil his floor. You can't expect much from people of this class, so we will let it go at that."

It was 11 o'clock when Mr. Roosevelt, accompanied by Mrs. Robinson and his nephew, started for Hoboken. At the ferry he was met by the Smithsonian members of his expedition, Maj. Edgar A. Mearns, J. Alden Loris and Edmund Haerle, with whom he conversed freely en route. Mr. Roosevelt was in excellent spirits and made several bon mots, at which the scientists laughed heartily.

A large crowd had gathered at the Lackawanna ferry at Hoboken, and as soon as it was known that Mr. Roosevelt was aboard the news was telegraphed by shouts of "Teddy" to the crowd that clustered about the entrance to pier No. 1 of the Hamburg-American line. A dozen policemen were on guard there. In every window of the deck apartments opposite the pier men and women and children were peered, eager to obtain a view of Mr. Roosevelt.

The suite was still in the hands of carpet layers and restorers when the party entered on its tour of inspection. It consists of four staterooms en suite, the first being a reception-room containing a table, writing desk and several chairs. A heavy green carpet had just been laid and when Mr. Roosevelt stepped upon it he exclaimed with enthusiasm: "Fine and dandy." The appointments of the suite, which embrace all the luxuries of ocean travel, science can suggest, were inspected and pronounced satisfactory in every respect. The electric lights tested the telephone tried and the bathroom fixtures examined with a critical eye. That he was wearing his bonnet for the coming twelve days, Mr. Roosevelt made no effort to conceal.

"It's bully," he said heartily. Closing the stateroom door, Mr. Roosevelt spent the hours of the evening in the heart of his family. All is in readiness for the long journey; the baggage was put aboard the steamer today.

## DUCHESSE WANTS TO MEET ROOSEVELT.

[BY DIRECT WIRE TO THE TIMES.]

NAPLES, March 22.—[Exclusive Dispatch.] The Duchess d'Aosta is planning to meet Theodore Roosevelt, former President of the United States, when he arrives here with his party on his way to Africa, and will give him time on how to hunt lions. The Duchess, who is one of the most beautiful, brilliant and accomplished royal women in Europe, is an ardent sportsman. She has achieved fame by her hunting exploits in the heart of Africa, and in other countries. The Duchess d'Aosta has long been interested in the career of Mr. Roosevelt. She has read many of his books, and when she learned that he was coming to Naples on his way to Africa, she expressed the wish that she might meet him. This fact was brought to the attention of the ex-President, and he gallantly responded that he would be highly pleased to meet so distinguished a sportsman as the Duchess.

Ambassador Graciani, who will come down from Rome for the purpose of meeting Mr. Roosevelt, has arranged for the meeting between Mr. Roosevelt and the Duchess. It will be strictly private in character.

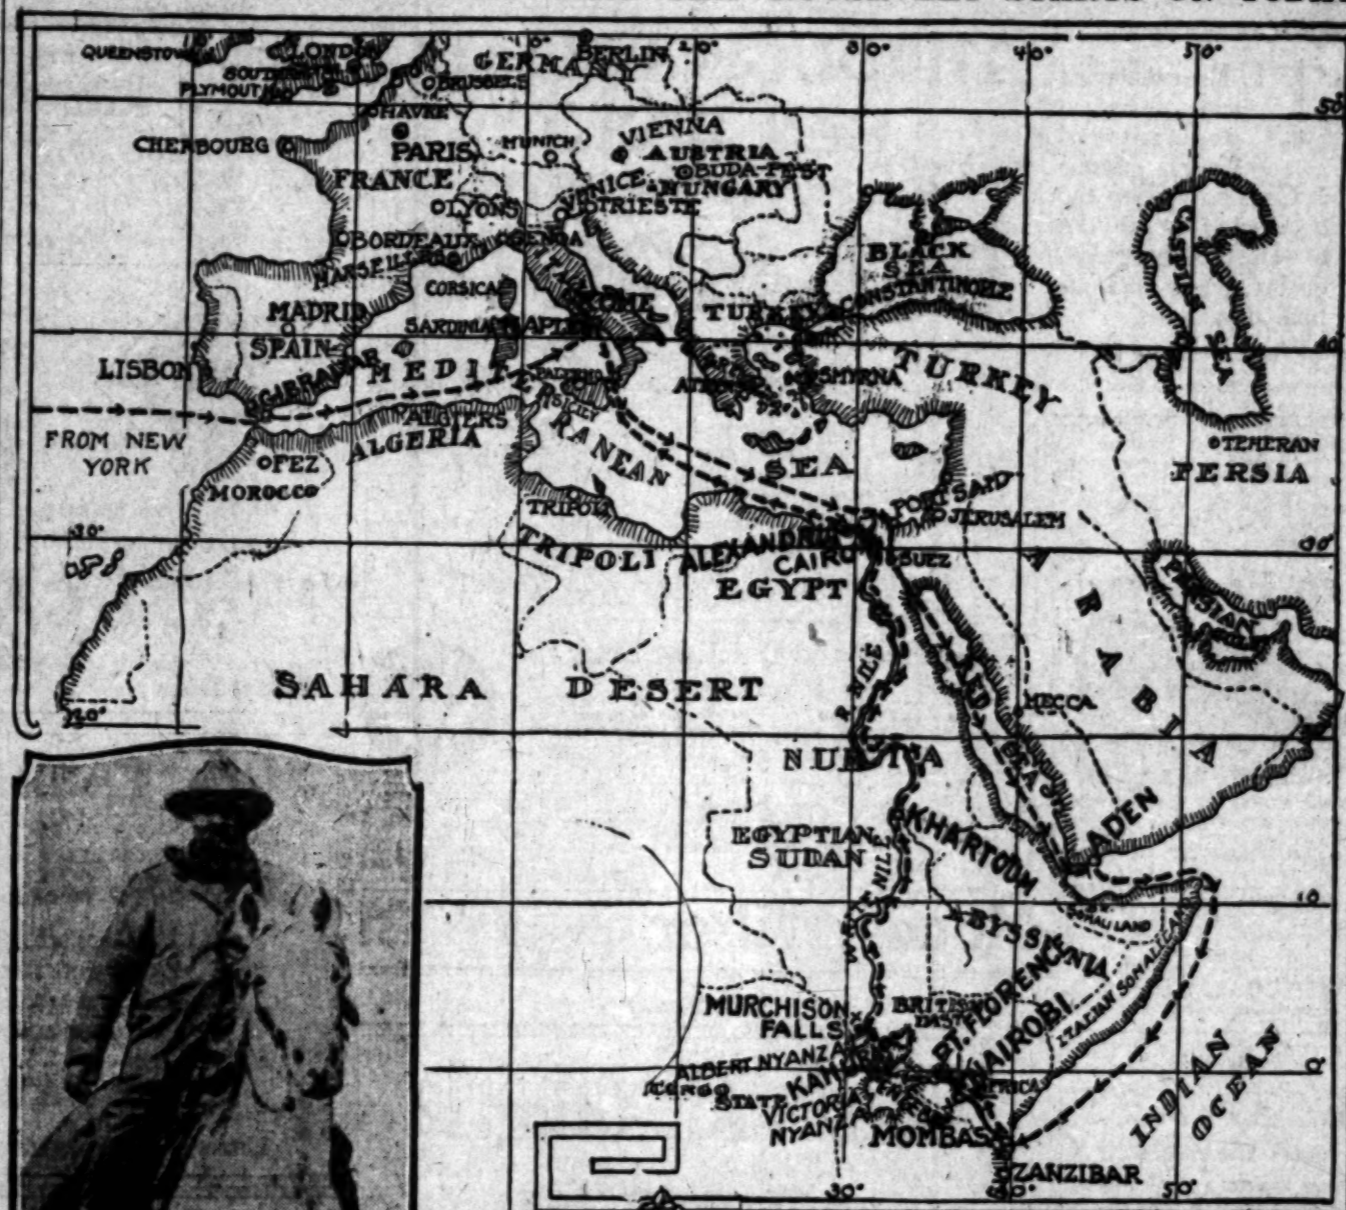

## MARRIAGE LICENSE USELESS.

Fraternity Mates Argue With Bridgroom-to-Be and Wedding With Actress Is Called Off.

[BY DIRECT WIRE TO THE TIMES.] ANX ARDOR (Mich.) March 22.—[Exclusive Dispatch.] J. L. Bryon, a Junior in the law department of the University of Michigan, and Miss Blanche Raynor, who said her home was in New York City and that she was an actress, today procured a license to marry. The girl is 20 and the young man 23. He comes from Duquesne, Pa.

After the license was issued two fraternity men appeared at the Recorder's office, obtained the information they sought, and went away saying it would be an unwise step for Bryon to wed at this time. Tonight Bryon admitted the wedding was off. He would not tell why. Neither would his fraternity friends, but it is said they had convinced the would-be bridegroom that they were right. Anyhow it is conceded all around that the license will be voluntarily returned as useless.

## ROUTE OF NOW FAMOUS HUNTING TRIP ROOSEVELT STARTS ON TODAY.

Theodore Roosevelt.

## RYAN ACHIEVES AMBITION.

Financier Succeeds at Last in Breaking Loose From Turmoil of Wall Street.

[BY DIRECT WIRE TO THE TIMES.]

NEW YORK, March 22.—[Exclusive Dispatch.] Thomas Fortune Ryan has practically achieved what he has been quickly trying to do for five years—tear himself loose from Wall street. He has got his multitudinous and monumental affairs in such shape that it is no longer necessary for him to go downtown. He has been in his office in the Morton Trust Company only two or three times since last summer. Formerly he got there early in the day and frequently stayed until 7 or 8 o'clock at night, only to ride uptown with his lawyers, and after a hurried dinner, work with them until midnight. Fourteen, sixteen and eighteen hours were often his daily allotment of work. Now he rarely puts in more than two hours, and that in the quiet of his library at No. 60 Fifth avenue.

Mr. Ryan has not engaged in a single stock speculation in nearly three years. Formerly he was one of the most potent factors in making prices in the Stock Exchange. He is in his fifty-eighth year, having been born October 17, 1851.

## ISLANDS OBJECT.

MANILA, March 22.—The Philippine Assembly is considering informally the tariff legislation now pending in Washington. It is planned to take up the question tomorrow and to embody the views of the Assembly in a set of resolutions which will be forwarded to the Philippine representatives in Washington. It is expected that these proposed resolutions will oppose any action of Congress tending in any way to alter the trade relations between the Philippines and the United States.

It is manifest that a majority of the members of the Assembly fear that closer trade relations will lead to closer political relations which will interfere with the ultimate independence of the islands.

## TOP AND BOTTOM.

The advertising figures for the month of February of the leading newspapers of the United States are now available for the first time.

The authentic statements for these newspapers show that the Los Angeles Times led all the rest, as usual.

Following is the number of columns of advertising printed by each during the month of February last past:

FEBRUARY, 1909.

	Cols.
Los Angeles Times	3818
Seattle Times	3181
Chicago Tribune	2942
New York World	2620
St. Louis Post-Dispatch	2292
Kansas City Evening Star	2181
Philadelphia Inquirer	2092
Detroit News and Sunday News-Tribune	2028
Portland Oregonian	2001
Minneapolis Journal	1854
Baltimore American	1729
Cleveland Plain Dealer	1637
Cincinnati Enquirer	1571
Los Angeles Express	1556

islands. They also fear that the losses to island revenue by free trade would end the financial independence of the insular government and compel it to appeal to proceed under the direct control of Congress thus lessening the Assembly's voice in insular affairs.

## BODY IN BOX CAR NOT HIS.

Wealthy Retired Business Man Annoyed by Mistake Made by Relatives Who Identified Remains.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, March 22.—Cyrus S. Foster, a wealthy retired business man of Springfield, Mass., was much surprised and somewhat annoyed at learning on his arrival here today from Santa Barbara, that a body found recently in a box car at Melrose station, near here, had been identified as his remains.

The identification was made by George B. Ferguson, a nephew-in-law of Foster. The body was found by boys at play in the railroad yards at Melrose. A coroner's jury assigned pneumonia as the cause of death. Foster left home several weeks ago for a trip through California. His relatives here knew nothing of his whereabouts, until last night, when he was still alive.

## FLINT'S BILLS MANY.

WASHINGTON, March 22.—[Exclusive Dispatch.] Senator Flint today introduced many bills, including some for pensions and others of private nature. Among those of special interest were the following: To establish an office in Los Angeles; to divide Southern Judicial District into three divisions and appoint additional judge; to create child labor bureau, to establish steamship line on Pacific Coast in connection with the Panama Railroad; to create naval station in Southern California; to improve harbor of San Pedro by dredging the channel.

## FEMININE FURIES.

ORANGE (N. J.) March 22.—An angry crowd of 200 women, many of whom were women, today attacked a party of a dozen men arriving at the railroad station here to go to work at the hat factory of F. Berg & Co., where a strike is in progress.

A force of twenty-five police was obliged to charge the mob. Stones were thrown and a patrolman injured slightly. The mob was driven back amid shrieks of the women and some resistance from the men. Three arrests of foreigners were made.

## OBITUARY.

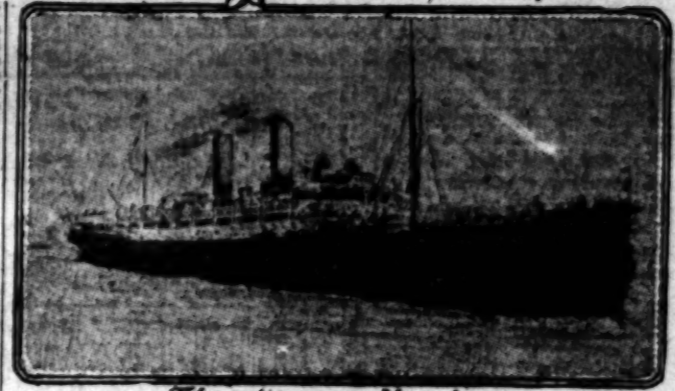

A. H. Turner. TRINIDAD (Colo.) March 22.—A. H. Turner, president of the Commercial Savings Bank, 78 years old, died here yesterday from pneumonia. He was a native of New York, and came to Colorado in the early eighties.

Rudolph Von Feneres. BERLIN, March 22.—Rudolph von Feneres, one of the most eminent physicians of Germany, died here today, as a result of an operation for gall stones. He was physician to the late Emperor Frederick and to Chancellor Von Bismarck.

John H. Starin. NEW YORK, March 22.—John H. Starin, the well-known steamship owner, died today at his home, aged 84.

Mrs. Sara A. Kemper. TEMPE (Ariz.) March 22.—Mrs. Sara A. Kemper, 40 years of age, died suddenly last night as the result of an attack of acute indigestion.

Rev. B. F. Wittmore. SAN JOSE, March 22.—Rev. B. F. Wittmore, for many years pastor of the Cumberland Presbyterian Church at Mountain View, died at his residence in that town last night, after an illness of several years. He was a native of Grand Rapids, Mich., and in 1881 he was ordained in this city. He had charge of several churches in this State during his ministry. He was 57 years of age, and leaves a widow and three children.

## RAILROADS MUST PAY.

Traffic Officials and Lines to Be Sentenced for Refusing Coal to Independent Dealer.

[ASSOCIATED PRESS NIGHT REPORT.] SALT LAKE CITY, March 22.—The traffic officials and railroads convicted last January in the Federal District Court of conspiracy in connection with the refusal to deliver coal to an independent coal dealer, were denied a new trial today and will be sentenced on Monday.

The defendants are J. H. Moore, sales agent of the Union Pacific Coal Company; Everett Buckingham, former general superintendent of the Oregon Short Line; the Union Pacific Railroad; the Union Pacific Coal Company, and the Oregon Short Line. The maximum penalty for the offense is a term in jail and a \$1000 fine.

The case has been appealed. In finding Mr. Buckingham guilty the jury recommended him to the mercy of the court.

## MOVING PICTURE BLAZE.

PORTLAND, March 22.—[Exclusive Dispatch.] Six hundred thousand feet, or about 115 miles, of moving-picture film, were destroyed in a fire that started from unknown causes in the supply depot of Sam Newman at noon today. The total loss will be \$16,000, fully insured.

In addition to 600 reels of moving-picture subjects, each carrying 1000 feet of film of the value of 10 cents a foot; 500 illustrated song slides of the value of \$600, seven motion-picture machines worth \$2100, six stereopticons totaling \$900, phonograph records of the estimated value of \$1000 and four \$50 phonographs, burned.

## A Dainty Dessert

Is made with individual dishes of

## Post Toasties,

Ripe or Stewed Fruit and Whipped Cream.

Try this for a starter. Your own ingenuity will soon "create" others.

This dainty food is made of White Corn, has a delicate "toasty" flavour which enhances many other choice dishes.

# RICH AND POOR SEE EASTERNER.

Cooper Says Weak Stomach  
Troubles Both.

Improper Living Affects  
All Classes.

Statement for Publication  
by Caller.

L. T. Cooper, the man who claims that Americans have weak stomachs and who is testing the public at the Owl Drug Co. store, No. 428 South Broadway, seems to be attracting an unusual amount of attention.

Each day people are calling to hear about his theories and medicines in greater numbers, and for the past few days the store has presented a novel sight.

A remarkable feature, to an on-looker, is the varied types of people whom Cooper is attracting. They range from prosperous-looking business men and fashionably dressed women to all sorts of laborers and their plainly dressed, hard-working wives.

All rub elbows in a common cause—the pursuit of health, or, as Cooper puts it, "sound digestion."

In an interview recently, when the striking differences in the various visitors was called to his attention, Cooper said, "Why not? Because a man has a million dollars and his wife is a plain dress, hard-working wife. All rub elbows in a common cause—the pursuit of health, or, as Cooper puts it, "sound digestion."

OAKLAND, March 22.—The dead body of D. M. Fennon, a suicide, was found today in his home on Fifty-fifth street by Mrs. Violet Frost, who suspected something wrong, and entered the house through a window.

## THE LATEST SPORTING NEWS, LOCAL AND TELEGRAPHIC.

PRETTY CLOSE.  
FINAL VICTORY  
TO BURLINGAMESan Francisco Team Beats  
Ranelagh Four.Close and Exciting Contest  
Until Last Minute.Tom Weiss Plays in Place of  
Frank Mackey.

[ASSOCIATED PRESS NIGHT REPORT.]

SAN DIEGO, March 22.—Burlingame won the closing game of the polo tournament at Coronado this afternoon, defeating the Ranelagh team of England by a score of 4 to 3.

This victory gives Burlingame the Spreckels and All-American trophies and the Pacific Coast championship. The game was by far the best of the tournament. Some of the spectators even declared it to be the finest exhibition of polo ever given on the Pacific Coast.

Ranelagh was without the services of Mackey, who was injured in Saturday's game. His place at No. 2 was taken by Tom Weiss of Riverside. It was the first time he had ever played that position, his regular place being back, and the result was some little confusion in the Ranelagh team at the outset.

The first period was marked by keen work on each side. Driscoll scored a goal for Burlingame.

In the second period the two teams seemed evenly matched. Each side did fine work and no goal was scored.

In the third period Hobart and Lawson made goals, and the score was: Burlingame, 3; Ranelagh, 0.

The fourth period brought a turn in the tide in favor of the Englishmen. Weiss was sent back, and Col. D. Ross took his place at second. The effect of the change was on goal.

Weiss played beautifully in his old position and Ross did great work at No. 1.

Gill and Ross scored goals for Ranelagh. Burlingame failed to score.

In the fifth period, after some sharp work, Rotherham made a goal for Ranelagh and the score stood 3 to 3.

The sixth period opened amid excitement which quickly became intense when Rotherham made a goal.

With only a little time left to play, many believed the Ranelagh team would be the victor. This hope was soon dispelled.

The Burlingame players got together and did some wonderful plotting. Hobart made a goal and the score was 4 to 3.

Then, just before the close of the period, Lawson came through with a fine drive and made the winning goal.

Final score: Burlingame, 5; Ranelagh, 4.

SOAKED 'EM.

SOUTHERN COURT  
RUBS IN DOSE.VETERAN KENTUCKY TURFMAN  
GIVEN JAIL SENTENCE.

Ten Thousand Dollars Bond Required to Keep Lyles Out of Jail Pending Appeal—Plea of Unintentionally Violating Law Is Called Absurd Evasion of the Issue.

[BY DIRECT WIRE TO THE TIMES.]

NEW ORLEANS (La.) March 22.—[Exclusive Dispatch.] Posing in Louisiana received this "coup de grace" today when W. Lyles, a veteran Kentucky turfman, an alleged promoter of the City Park race track "test" case, was given a heavy sentence by Judge Thacker, who ordered the accused to serve six months in the Parish Prison and to pay a fine of \$250, in the default of the payment of which, he must serve an additional four months behind the bars.

Lyles will fight the case in the Supreme Court. He was granted a suspension on appeal to that tribunal and gave bond in the sum of \$10,000. Lyles is the man who secured the privilege of the City Park race track from President Roosevelt for the day on which the "test" was made. He disavowed any intention of violating the Locke law, but Dist. Atty. St. Claire Adams proved to the jury that Lyles was the man who secured the privilege and that his disavowal was an absurd evasion of the issue.

LEGAL TECHNICALITY.

AGAIN MAY RUN BOOKS.

[ASSOCIATED PRESS DAY REPORT.]

COVINGTON (Ky.) March 22.—Judge Harbison today rendered his decision in the noted case of the Kentucky Jockey Club against the Kentucky Racing Commission, holding the law establishing the commission is unconstitutional. The effect of the decision is to place Lorton racing back to its former basis.

Judge Harbison held that the law creating the Kentucky Racing Commission gave that body power to regulate running races, that trotting races and running races came under the same legal category, and that therefore the law is class legislation and unconstitutional. The court in its words held that the law, to be valid, must give the Racing Commission specific authority over both trotting and running races.

The decision is a complete victory for the Lorton Jockey Club. The Racing Commission had insisted that Lorton use mutual machines. Lorton put in these machines, but said they were run at a financial loss and then allowed bookmakers to operate. The club secured a ruling from the Kentucky Racing Commission preventing the Racing Commission from interfering with the races while bookmakers were operating last season.

The commission will appeal.

EMERYVILLE RACES.

RUN CLOSE FINISHERS.

[ASSOCIATED PRESS NIGHT REPORT.]

OAKLAND, March 22.—The track at Emeryville was muddy today owing to the heavy rain of Saturday night, and as a result there were a number of scratches. There were several close finishes. Fordello was away none too well in the fourth, and Gemmill beat him less than a length in a drive.

Coburn drew the final heat in the third, and Yankee Daughter beat Coburn a head. Ace of Diamonds was bid up from \$400 to \$600 by M. S. Cain, but

MANY ENTRIES.  
EXPECT HOT CONTEST  
IN SUBURBAN LEAGUE.

THE second annual track meet of the Suburban High School League is to be held at Occidental College next Saturday afternoon at 1 o'clock. Seventy-five athletes, representing the High Schools of Burbank, El Monte, Glendale, Compton, San Pedro, Azusa, Bonita and Monrovia, are entered for the conference, and the competitions promise to be closer and more creditable than they were last year.

Glendale is to enter thirteen men, the largest delegation that will compete, and Burbank High School, with six men, will have the smallest representation. On account of the large number of entries, each athlete will wear an identification number.

First honors were won last year by Glendale High School. However, the teams will be more evenly matched in numbers this year, and the Glendale boys will undoubtedly have to fight hard again to capture the championship. Azusa and Bonita are to enter teams much stronger than those that represented them last season.

All the track events under the 440-yard dash are to be run in heats. A special banner will be awarded to the school winning the relay race.

The complete list of entries is:

Hammer throw—Compton, Cunningham, No. 3; Lee, No. 11; Azusa, Young, No. 13; Azusa, Hendrick, No. 15; Coffin, No. 14; Bonita, Charles Durke, No. 24; J. Durke, No. 25; El Monte, Hicks, No. 34; Andrew, No. 51; Glendale, Emery, No. 64; Walton, No. 71.

The 50-yard dash, first heat—Glendale, Stone, No. 69; El Monte, Throckmorton, No. 90; Bonita, Clarence Durke, No. 27; Compton, Bunker, No. 1; Monrovia, Harvey, No. 2; second heat, Monrovia, Glenn, No. 41; Compton, Garrison, No. 4; Bonita, Michael, No. 61; Glendale, Kern, No. 65; San Pedro, Allen, No. 8.

The 220-yard dash, first heat—San Pedro, Livingston, No. 11; Azusa, Daniels, No. 15; Bonita, Gillette, No. 20; Compton, Cunningham, No. 3; second heat, El Monte, Throckmorton, No. 90; Glendale, Sprinkle, No. 70; Monrovia, Whitaker, No. 44; Burbank, Craig, No. 46; third heat, Bonita, Michael, No. 61; San Pedro, Jackson, No. 10; Compton, Carter, No. 2; El Monte, Coswell, No. 53; Monrovia, Crandall, No. 48.

Pole vault—Azusa, Hockenberg, No. 17; Johnson, No. 26; Bonita, St. Clair, No. 32; Charles Durke, No. 24; Monrovia, Harvey, No. 42; Boyd, No. 37.

The 220-yard dash, first heat—San Pedro, Livingston, No. 11; Azusa, Daniels, No. 15; Bonita, Gillette, No. 20; Compton, Cunningham, No. 3; second heat, El Monte, Throckmorton, No. 90; Glendale, Sprinkle, No. 70; Monrovia, Whitaker, No. 44; Burbank, Craig, No. 46; third heat, Bonita, Michael, No. 61; San Pedro, Jackson, No. 10; Compton, Carter, No. 2; El Monte, Coswell, No. 53; Monrovia, Crandall, No. 48.

MANY ENTRIES.  
EXPECT HOT CONTEST  
IN SUBURBAN LEAGUE.

THE second annual track meet of the Suburban High School League is to be held at Occidental College next Saturday afternoon at 1 o'clock. Seventy-five athletes, representing the High Schools of Burbank, El Monte, Glendale, Compton, San Pedro, Azusa, Bonita and Monrovia, are entered for the conference, and the competitions promise to be closer and more creditable than they were last year.

Glendale is to enter thirteen men, the largest delegation that will compete, and Burbank High School, with six men, will have the smallest representation. On account of the large number of entries, each athlete will wear an identification number.

First honors were won last year by Glendale High School. However, the teams will be more evenly matched in numbers this year, and the Glendale boys will undoubtedly have to fight hard again to capture the championship. Azusa and Bonita are to enter teams much stronger than those that represented them last season.

All the track events under the 440-yard dash are to be run in heats. A special banner will be awarded to the school winning the relay race.

The complete list of entries is:

Hammer throw—Compton, Cunningham, No. 3; Lee, No. 11; Azusa, Young, No. 13; Azusa, Hendrick, No. 15; Coffin, No. 14; Bonita, Charles Durke, No. 24; J. Durke, No. 25; El Monte, Hicks, No. 34; Andrew, No. 51; Glendale, Emery, No. 64; Walton, No. 71.

The 50-yard dash, first heat—Glendale, Stone, No. 69; El Monte, Throckmorton, No. 90; Bonita, Clarence Durke, No. 27; Compton, Bunker, No. 1; Monrovia, Harvey, No. 2; second heat, Monrovia, Glenn, No. 41; Compton, Garrison, No. 4; Bonita, Michael, No. 61; Glendale, Kern, No. 65; San Pedro, Allen, No. 8.

The 220-yard dash, first heat—San Pedro, Livingston, No. 11; Azusa, Daniels, No. 15; Bonita, Gillette, No. 20; Compton, Cunningham, No. 3; second heat, El Monte, Throckmorton, No. 90; Glendale, Sprinkle, No. 70; Monrovia, Whitaker, No. 44; Burbank, Craig, No. 46; third heat, Bonita, Michael, No. 61; San Pedro, Jackson, No. 10; Compton, Carter, No. 2; El Monte, Coswell, No. 53; Monrovia, Crandall, No. 48.

Considerable Business in Home Telephone Securities — Mission Transportation Bonds Sold.

Union Oil demands attracted considerable attention on the Los Angeles Stock Exchange yesterday. Sale of rights to purchase new shares of common stock of the company were made at 5.90 on the morning call, and at 6.00 on the afternoon session. That there was a demand to exchange the rights demonstrates the value of the local exchange in aiding the execution of this class of business. Had there been no exchange the rights would have been

## THE CITY IN BRIEF

They're making themselves at home.

## NEWS AND BUSINESS.

Page 1. Gave Twenty.

In the Italian Relief Board's statement of contributions to the fund for earthquake sufferers, printed in the Sunday Times, E. Page was credited with \$10,000, through typographical error, when it should have been \$10,000, that being the amount given.

## Veteran Odd Fellows Banquet.

The Veteran Odd Fellows Association of Los Angeles will celebrate its silver anniversary on Thursday evening, April 1, with a banquet at Hamilton's Club, for which an elaborate program has been prepared. The officers of the association are: G. W. Brockwell, president; J. R. Ginter, vice-president; E. E. Overholzer, secretary; L. K. Roder, treasurer; C. C. Lawson, marshal.

R. C. Root, field secretary of the Southern California Peace Society, has arranged for an intercollegiate peace prize oratorical contest, in which cash prizes of \$100, \$75 and \$50 will be given to the winners. It will be held in the Simpson Auditorium on April 22, and representatives of U.S.C., Whittier, Occidental and Pomona will contest for the prize. There will be no charge for admission.

## Fire of Mystery.

Considerable mystery surrounds a fire which broke out last evening in the basement of the Hotel Abilene at No. 411 Ruth avenue, conducted by Miss Lillian Davis, and which entailed only a slight loss. The proprietress and tenants claim the flames followed an explosion of a gas pipe. Police officials who investigated, however, remembered that about six months ago the same building had been the scene of a fire which broke out in the kitchen. At that time several arrests were made but none of the cases came to trial. At that time coal gas was found spilled about the rear of the dwelling but no convincing proof as to the identity of the perpetrator could be obtained. James E. Christie of No. 1058 West Thirty-fifth place, while assisting in removing furniture from the house, was burned about the hands.

## BREVITIES.

Remember the slogan: "Buy and Boost Home Products." For daily references, see page 11 of the Times, containing list of wide-awake manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries here—manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good.

"Times' Cook Book No. 3 ready today, and until the edition is exhausted, is placed on sale the largest, most elaborate and comprehensive cook book of the series issued by the Times. The 218 recipes for hot Spanish and Mexican dishes and the hygienic department are big features of the publication. The recipes, brought out by the Times' prize cooking contest, are generally from Southern California housewives and noted chefs. Price 25 cents; by mail 5 cents additional. Trial by Jury Thwarted.

LOS ANGELES, March 22.—[To the Editor of the Times:] At no time in the history of the republic has the constitutional guarantee of trial by jury and due process of law been in such danger as is now threatened by the recall scheme.

The objection to the recall is, that when a public official is charged with an offense, the recall process is a removal, such offense would likely amount to a crime, unless the recall is to be invoked for trivial matters which if admitted sufficiently condemn it.

Assuming that the public official is charged with a crime in fact, let us see how the recall treatment squares with our fundamental ideas of justice and liberty when applied to ourselves.

One charged with a crime in legal procedure must be sufficiently indicted by a grand jury composed of responsible citizens, who for the time leave their business affairs and under oath proceed to inquire into the alleged misdeeds of the person investigated, and witnesses testify under oath in the investigation. There are to be no District Attorney usually learned in the law, and they may at any time have instructions and help from the court, or without a grand jury one may be charged with crime before a committing magistrate, and if the evidence, again received under oath, is deemed sufficient, he may be held for trial upon an information issued by the District Attorney.

In either event the person charged with crime is proceeded against by a duly constituted authority, and if the offense does not amount to a crime, no further proceedings are had. If it does, the proper crime is designated,

and the accused goes to trial fully informed of the offense he is to defend (a constitutional guaranty). Contrast this procedure with the recall. It may be invoked by the most irresponsible people, who are not acting under authority of or safeguarded by a court of law. They do not act under oath, and are not required to lay aside their business affairs or prejudices to investigate; they may meet behind locked doors, and for the most sinister purposes, actuated solely by malice and hatred. They may charge the purest citizen who may hold office with the foulest crime, or indeed charge him with nothing constituting a legal offense. Having done this it is only necessary to have a newspaper or two to assassinate the character of the individual to be assaulted, and enough of the public, that has not learned that there are two sides to every story, may be secured to sign the petition of the recall.

If the band of malcontents be sufficiently numerous, the obtaining of sufficient signatures may be easily accomplished. Then what happens? An election is called at which the person charged, perhaps of no crime at all, is the candidate of one side, and the expense of which and to defend his good name may take his entire fortune, or, if poor, he must withdraw and stand guilty charged.

But let us contrast the trial by court and jury and the trial before the people, by the recall, as conducted by the mob. Before the jury, only legal evidence is heard, newspaper accounts are excluded, and other hearsay evidence is only evidence bearing upon the guilt or innocence of the accused is received. The trial is presided over by a judge learned in the law, before a jury of twelve men, who have taken the oath to follow the law, and without prejudice or passion a just verdict rendered. The State is represented by the District Attorney, who has his duty to perform under the law and his oath, and whose care it is to see that the accused has a fair trial, and, lastly, the accused has his own attorney to present his evidence and argue in his behalf.

If the worst of all is done, the safeguard of a court and jury is the public official, who may be rightly or wrongly accused, entitled to a trial in a court trial the entire jury hears all the evidence. If error is committed the accused has the right of appeal.

But with the recall, all the people do not hear all the evidence. Half the newspapers convey the evidence as they desire it to be heard, untruthful though it may be, to half the people. So the whole of the great jury of the people do not hear the same evidence according to their version. So the whole of the great jury of the people do not hear the same evidence according to their version. So the whole of the great jury of the people do not hear the same evidence according to their version.

Considerable mystery surrounds a fire which broke out last evening in the basement of the Hotel Abilene at No. 411 Ruth avenue, conducted by Miss Lillian Davis, and which entailed only a slight loss. The proprietress and tenants claim the flames followed an explosion of a gas pipe. Police officials who investigated, however, remembered that about six months ago the same building had been the scene of a fire which broke out in the kitchen. At that time several arrests were made but none of the cases came to trial. At that time coal gas was found spilled about the rear of the dwelling but no convincing proof as to the identity of the perpetrator could be obtained. James E. Christie of No. 1058 West Thirty-fifth place, while assisting in removing furniture from the house, was burned about the hands.

## BREVITIES.

Remember the slogan: "Buy and Boost Home Products." For daily references, see page 11 of the Times, containing list of wide-awake manufacturers, under the heading "Made in Southern California." You will find there are manufacturers of necessities and luxuries here—manufacturers of things to eat and drink—things for the home, the factory, the office and the farm. Buy them! There are none better. Buy and Boost, and keep your money at home where it will do you and yours the most good.

Main, March 21, 1933, at 10:30 a.m. by Rev. J. J. Judd, pastor of the First Methodist Church, Los Angeles. The bride was given away by her father, Mr. J. J. Judd. The groom was given away by his best man, Mr. J. J. Judd. The ceremony was officiated by Rev. J. J. Judd. The wedding party consisted of the bride, groom, best man, maid of honor, bridesmaids, flower girls, ring bearer, and ushers. The reception was held at the home of the bride. The wedding was a private affair.

WATSON-HARRIS, Walter T. Watson, aged 24, a native of Los Angeles, and Patsy M. Harris, aged 24, a native of Los Angeles, were married at the home of the bride, 1244 S. Main, March 21, 1933, at 10:30 a.m. by Rev. J. J. Judd, pastor of the First Methodist Church, Los Angeles. The bride was given away by her father, Mr. J. J. Judd. The groom was given away by his best man, Mr. J. J. Judd. The ceremony was officiated by Rev. J. J. Judd. The wedding party consisted of the bride, groom, best man, maid of honor, bridesmaids, flower girls, ring bearer, and ushers. The reception was held at the home of the bride. The wedding was a private affair.

Los Angeles County Cities and Towns.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

THE CAMPAIGN GETS LIVELY.

PERSONALITIES ADD SPICE TO MAYORALTY CONTEST.

City Commissioners Recommend Acceptance of Bukowski Bid for New Fire Engine House—President Scherer of Throop and Dr. Hale Will Leave for Europe Friday.

Office of The Times, No. 21 E. Raymond Ave. PASADENA, March 22.—In spite of the announced intention of both sides in the local political squabble not to indulge in personalities, some spice has been added to the campaign by the happenings of the past few hours. An encounter between young Waterhouse, son of the former Mayor, and Mel E. Wood, in a local barber shop asked some talk. Young Waterhouse asked if the location of the pignery at the sewer farm was one of the reasons why Mr. Earley should be re-elected. Quick as a wink Mr. Wood responded that that was one of the reasons and the other was because if Mr. Earley was defeated he would not run away from the city and locate in Covina. This shot was aimed at the course followed by Mr. Waterhouse when he was defeated two years ago, and moved away from Pasadena shortly thereafter, selling his home here. Other personalities have been caused by a card just issued by the Waterhouse headquarters, in which it is asked whether Waterhouse was given a square deal during his term of office, and accusing the Earley administration of extravagance. It is understood that the Earley people will take up the charge of extravagance and answer it shortly. One of the telling arguments being advanced against Mr. Waterhouse is that when defeated he did not wait at the City Hall until the new Mayor came in, but bolted and left Earley to welcome himself as best he could.

APPROVE FIRE CONTRACT. The City Commissioners yesterday afternoon opened bids for the construction of the new fire engine house for the southwest section of the city, and decided to recommend to the Council today acceptance of the bid of L. Bukowski. He offered to construct the new fire house on Huribut street, for \$200, and his bid was the lowest offer it was approved. Work will have to be rushed, for the chemical fire engine which is being constructed in the East for Pasadena will be done in about two months, and as it is to be housed in the Huribut street house it will be homeless until that structure is finished. While the City Commissioners have not yet recommended to the City Council, they have none to award contracts, and the whole thing will be up to the City Council today.

CARDS TO BE BAIL. Upon representation by an agent of the Automobile Club of Southern California yesterday afternoon the city officials decided that henceforth when a member of the club is arrested for speeding, presentation of a club membership card to the police shall constitute sufficient bail. This means that should any of the club's members be caught speeding they can simply give their club card to the officer and go on their way, and the club will be assured by the organization that the accused member will put in an appearance in court at a proper time.

MILLER TRIAL ON AGAIN. The second trial of Charles Miller, accused of operating a blind pig in connection with the White House Café, is on, and Constable Newell has fractured all lower court precedents by calling a jury of business men rather than the time-honored crowd from the Tourist Club. Fourteen club members have been called upon to stand as jurors on petty court juries for several reasons, the most important being that they did not insist on serving the city without pay. The business men summoned yesterday, however, were strong in protest, though few of them were excused by Justice McDonald. The trial will probably last for several days.

HURIBUT GETS DIAMONDS. City Marshal Johnston of Pasadena is working hard, with the assistance of the Pasadena Police, in trying to locate the burglar who entered the home of R. W. Priddy a few days ago and secured 1800 worth of diamonds. The family was away at the time, and the burglar secured entrance by means of a pass key. In addition to the diamonds and jewelry he got \$40 in cash.

NO SPRING BARKS. It has been definitely decided not to hold a dog show this spring. Some of the canine lovers had decided to have a one-day open air show at Tournament Park, but this plan has been abandoned, and instead there will be a dog show in the autumn. Kingie Stevens and a number of other fanciers are already talking of plans for the fall dog show, and they have promised an especially large list of entries.

DISTINGUISHED MEN LEAVING. President James A. B. Scherer of Throop Institute and Dr. George B. Hale of the Mount Wilson Solar Observatory will leave together on Friday for an extended trip, during which they will go to Europe. Dr. Scherer will investigate educational methods elsewhere, while Dr. Hale goes to lecture in London, Paris and Rome.

PLAYGROUND PLANS UP. The Carmelita Garden Playground Committee yesterday afternoon presented to the city plans for the playground which it wants to see carried out. These include specifications for apparatus and the committee in its report recommends that bids be advertised for the materials desired. It is planned to divide the playground tract into two parts, one for the boys and one for the girls, and there will be places for the playing of several different kinds of outdoor games. The playground is to be run by a suitable superintendent.

SURPRISE IS PROMISED. Patrons of the annual Elk minstrel are promised a surprise in a number as yet unannounced. The show will take place Thursday and Friday nights of this week and it is said that the surprise number will be given by a young and attractive local woman who is to join the Orpheum circuit in three weeks with the same sketch she is to present in the minstrel olio. The house is pretty well sold out for the two performances.

Mrs. Jennie Lyman, wife of E. W. Lyman, died very suddenly of heart failure on Sunday. The funeral services will be held this afternoon at 2 o'clock at the Reynolds Van Nuys chapel, Rev. Matt Hughes, pastor of the First Methodist Church, officiating. Mrs. Lyman was 62 years of age and had an exceptionally wide circle of friends in Pasadena. She leaves a widow, three daughters and a son. This evening the Men's Club of the Lincoln-avenue Methodist Church will give an elaborate program on the occasion being ladies night. Rev. R. R. Meredith will be the speaker, and refreshments will be served by the women.

COUNCIL GIVES NO FIREWORKS.

ABSENCE OF LANE IS CAUSE OF A TIE VOTE.

Consequently Question of Accepting Long Beach City Attorney's Opinion on Appointments of Deputies is Left Unsettled—Mayor and Harrison Indulge in Verbal Duel.

LONG BEACH, March 22.—No Council fireworks went off today. Councilman Lane did not put in an appearance, and could not be located. Consequently, the Council stood tie on the question of accepting the legal opinion by City Attorney Long that certain appointments of deputies and assistants were legal. Councilmen Stearns, Dayman and Robinson voted to accept the finding while Baldwin, Harriman and Callahan opposed the motion. As the Mayor, although presiding officer, had no vote the opinion is left in the air. The Council then made an effort to take from the table the ordinance introduced by Harriman abolishing certain deputships, but the same tie resulted. At the close of the session Harriman and Robinson voted to adjourn, while the Mayor and City Attorney Long have brought in a different opinion without laying himself criminally liable. He said that as, under the conditions as he viewed them, all demands of the Council should be met, he thought the Council should consider the law and court decisions carefully. He proposed an informal meeting of the Council, with the Mayor and City Attorney Long, to discuss the matter of the deputships. The Mayor and City Attorney Long refused absolutely to enter into any further discussion of it either publicly or privately. The Mayor also objected, saying that he would not consent to any further discussion before the Council of the propriety of the law.

FAIRBANKS EN ROUTE. Former Vice-President Fairbanks, Mrs. Fairbanks and their daughter, Mrs. Zimms, left for Chicago this afternoon for Pasadena.

CITY COUNCIL REPEALS LAW.

QUICKLY IT DROPS ORDINANCE REGARDING HEADLIGHTS.

Sorensen Are No Longer Necessary on Cars—Home Day Session of Woman's Club Brings Out Large Attendance—Funeral of Col. Wells Set for Tomorrow.

SANTA MONICA, March 22.—The City Council tonight repealed the ordinance requiring headlights on electric cars. The repeal was effected by a vote of 10 to 2, the two nays being cast by Councilmen Sorensen and Sorensen.

The Home day session of the Santa Monica Women's Club brought out a large attendance of members and guests. The speaker was Mrs. A. L. Guthrie, who gave her auditors a number of original sketches of life in the taking her hearers with her in the ascent of Vesuvius to Bohemia, Notre Dame, and the "Pallio." Many a home and into the homes of illustrious characters in history. The vocal selections were by Tempier Allen who gave artistic rendition of "The Garden" and "Sunrise."

The funeral service for Col. Wiley Wells, who died at his home here last night, will be held at the residence on Second street at 1:30 o'clock Wednesday afternoon. The burial will be in Evergreen Cemetery. Kingie Stevens, Mrs. G. C. Heath has returned here, having accompanied the body of Mr. Wells to his old home in Augusta, Me., for interment.

Mrs. D. W. Baker was called Saturday at 10 o'clock by death of her father, William C. Bell. Deceased was 76 years of age, and will be given burial at Savannah tomorrow. The schooner Claremont arrived at Port Los Angeles today. She is from the lumber ports of the north, and brought a cargo for local dealers.

SNIDER PORK & BEANS.

ARE WHOLESOME—EASILY DIGESTED, BECAUSE THE EXCLUSIVE SNIDER PROCESS TAKES OUT THE BOTHERSOME GAS AND MAKES THEM MELLOW AND POROUS SO THAT THEY READILY ABSORB THE DIGESTIVE ELEMENTS—BUT AS ORDINARILY COOKED THEY ARE INDIGESTIBLE AND CAUSE SO MUCH TROUBLE THAT MANY CAN'T EAT THEM.

"It's the Process"

Twenty years' study, and scientific experiments in making has given us a rich experience which we put into the facture of every can of Snider Pork and Beans.

They are put up to suit your taste, plain, or with Tomato Sauce, made from the famous

Snider Tomato Catsup surrounding and permeating every bean in the can, and you have a delicacy with a flavor one don't forget.

So many particular folks have pronounced Snider's more delicious and digestible than any other Pork and Beans they ever tasted, that we know they'll please—and we back 'em up with "money back" if they're not right.

Buy a can from your grocer and let a trial tell the tale.

PLACE CLAIMS BEFORE AGENT.

CONFEDERATE VETERANS OBJECT TO USE OF THE WORD.

Presence in Fifth Reader for Use in Public Schools of Louisiana Brings Out Violent Protest and the Term is Expurgated in Edition for South.

NEW ORLEANS (La.) March 22.—[Exclusive Dispatch.] Because Prof. Martin M. Brumbaugh of Philadelphia used the word "Rebellion" in his fifth reader the Confederate Veterans' organization of this State raised violent protest against the acceptance of the Brumbaugh readers by the State Board of Education. The storm became so furious that the State Superintendent of Education Harris came to New Orleans today and held a conference with the Confederate veterans at which it was agreed the obnoxious words should be stricken out of the readers, and new editions printed for Louisiana.

Mr. Harris held letters from Prof. Brumbaugh, Philadelphia, in which he agreed to expurgate the objectionable terms in order to secure an introduction of his readers in Louisiana and the South. In place of the word "Rebellion" the Confederates have suggested the word "War Between the States." This will be done.

In the lesson of Edwin Arnold, the lesson on Gen. U. S. Grant, the sketch of Thomas S. King, which referred to the Union, the reference to Editor G. D. Prentice in keeping the Louisville Journal "a Union paper throughout the war," a poem on Abraham Lincoln and the references to Charles Sumner will be modified and made to suit the Southern mind.

Land not fit for mineral claims, or not valuable for the timber on it, can be taken up. There is not much of such land in the cañon, but the bed of the San Gabriel River was once from 100 to 200 feet higher than it is now, and there are many little "benches" on the mountain sides where there is good soil, which was left when the water receded. Most of these are in the main cañon, above the forks.

By transforming his mineral claim into an agricultural one, the settler is able to "prove up" on it, and secure a title to the land.

The forest supervisor has received from Los Angeles county \$2000, with which to improve that portion of the San Gabriel reserve situated in the county.

Forest Ranger Robert H. Hiett has a force of seven men working on the Rincon trail, and all trails and firebreaks will be cleaned and put in order as completely as possible before the summer.

O. Berner, Santa Fe station agent, had as his guest recently H. V. Russell, superintendent of the U. V. and Pacific coast, who says that during the absence of his father, and mother last evening, he went to his bedroom and surprised a naked man with a big revolver who told him to get out. The little fellow dived under the sofa and began to yell. The burglar then moved through a window, and then he too ran away from the house and around the neighbors. The burglar had disappeared. The boy gave a fair description of the intruder.

TROUBLE OVER CHECK. Guy C. Agnew, a building contractor, went to the bank this morning to look after some money matters, and learned that officers were looking for him for uttering a check. He went to meet them. He at once went to headquarters and surrendered himself. Arraigned before the magistrate, he was placed under \$1000 bond to appear Friday for hearing. Agnewed on Friday gave a check for \$1000 to the officers, who then released him. He told the man to hold the check until he could get the money. He would have a check for \$1000, and he would have a check for \$1000, and he would have a check for \$1000.

Wife of Veteran Who Was Supposed to Be Dead Has Now to Live Up Her "Widow's Mite."

WHITTIER, March 22.—Word came from Chicago tonight that the return of John Allen to his family at Wilmette, Ill., after his mysterious disappearance, was a relief to his wife, who had been waiting for him for a long time. The man mentioned in the amount of the pension which Mrs. Allen obtained as the widow of a Civil War veteran when she became convinced some years ago that her husband was dead.

Mr. Allen was legally declared deceased on March 10, 1918, and his reappearance was a very great relief to his wife, who had been waiting for him for a long time. He had been in the service of the government, and he had been in the service of the government, and he had been in the service of the government.

VENICE, March 22.—The Michigan Supreme Court decision as affecting the petrolium paying system was resubmitted for the change of plans for the paving of Waldo street. The work had been ordered under specifications that were covered by the patents involved in the suit. The action has recently been decided in favor of the owners of the patent. The work will go ahead, with slight delay and change that are not material except in so far as they will relieve the city of the annoyance of a lawsuit or the payment of a royalty. The decision to abandon the proceedings formerly instituted was reached by the Ocean Park City Trustees at their meeting this evening.

CLAREMONT, March 22.—More than 500 persons enjoyed the readings of the book "The Life of Jesus" by Vance Cook, in Holmes Hall, Saturday evening. This was the last event of the season in the hall, and a lecture course, and the attendance was as large as was expected in spite of the inclement weather. Mr. Cook gave selections from his own family giving interesting and explanatory comments on each selection. The majority of the places were occupied by the "Ladies of the Church," and caused a great deal of laughter. The serious verse that elicited the greatest applause was "The Martyr's Prayer," being a high tribute to the martyred President.

RAISE A STORM ON "REBELLION."

Presence in Fifth Reader for Use in Public Schools of Louisiana Brings Out Violent Protest and the Term is Expurgated in Edition for South.

NEW ORLEANS (La.) March 22.—[Exclusive Dispatch.] Because Prof. Martin M. There's a Difference between the person fed on right kind—and the one who eats the indigestible kind—

"Man-power" depends upon right food

Beans are rich in Proteids—the energy—and strength-giving elements—but as ordinarily cooked they are indigestible and cause so much trouble that many can't eat them.

SNIDER PORK & BEANS

ARE WHOLESOME—EASILY DIGESTED, BECAUSE THE EXCLUSIVE SNIDER PROCESS TAKES OUT THE BOTHERSOME GAS AND MAKES THEM MELLOW AND POROUS SO THAT THEY READILY ABSORB THE DIGESTIVE ELEMENTS—BUT AS ORDINARILY COOKED THEY ARE INDIGESTIBLE AND CAUSE SO MUCH TROUBLE THAT MANY CAN'T EAT THEM.

A Little "Time Out" For Your Stomach

Will accomplish wonders—in indigestion, flatulence, gas, heartburn, acid, etc. Kodol gives your stomach "time out" digesting your food while the stomach rests.

Kodol digests food, for the simple reason that it contains all of the elements essential to food digestion. It would be impossible for it to not digest food.

You know that decaying food is extremely poisonous. Where, then, could decaying food be any more dangerous than lying on the human stomach? Bad enough if indigestion and dyspepsia were the worst results. But they are not.

When food doesn't digest, it forms into hard, lump masses. These irritate the tender linings of the stomach and intestines, and sometimes even cancer of the stomach is caused. Chronic indigestion and dyspepsia are quite certain to result.

There is nothing secret about Kodol. As stated, it merely contains all the natural digestive elements. It is made in a liquid form so that it can contain all these. In this respect it differs from ordinary peptic tablets and other partial digesters, which embody

Our Guarantee. Go to your druggist and get a bottle. Then after you have used it, if you are not satisfied, we will refund your money. We will not refund your money if you are not satisfied. We will not refund your money if you are not satisfied.

## EX-BOSS NICK.

(Continued From First Page.)

upon his head, and swore to one another to wait his return and kill him; they clapped out if they had to wait a hundred thousand years, they swore. Having so sworn, they promptly beat it out of town as fast as their legs and the brassbands could carry them. Last week, there were nearly a hundred of these creatures whirling around town. It is said there are not ten left.

The first tip of the whereabouts of Nick came to the police from the Chief of Police of San Diego, who had seen him going through town, headed for Mexico in an automobile.

Nothing much was thought of it by the San Diego police, although they knew Nick. Tia Juana is filled with the prospect of a big race track being established by Tom Williams.

## STILL SLEUTHING NICK.

Since then, men from the Sheriff's office, men from the District Attorney's office, men from the newspapers have rushed to Tia Juana, sleuthing Nick.

They found Mexicans who wanted to sell them bullfight tickets, and they found a man named Davis, who gave them a frozen laugh, but they didn't find Nick. As reported to the officials here, Nick is now down on a cattle ranch, a hundred miles or more below the line.

S. L. Browne, chief detective for the District Attorney, said last night that he had a plan by which he hoped to get Nick back within the next few days.

He denied, however, that immunity in any form will be extended. If he returns, Oswald will face financial ruin. The careful savings of a lifetime gone, he is said to be about \$75,000 in the hole, as a result of the collapse of the red-light district.

Last night Billy Appel telephoned to the Times from San Diego, indignantly denying that he is helping Nick. He said that he is helping Nick, but he is not helping Nick. He said that he is helping Nick, but he is not helping Nick.

OSWALD'S FRIENDS BALK.

That "Little Joe" Durand is a snout against the grand jury, refusing to testify against his friend, Nick Oswald, developed yesterday when he was taken before a grand jury, charged with contempt of court.

The questions to which he refused to make satisfactory answer, and his replies were as follows:

Question by Mr. Fishburn. You took that to some bank, didn't you?

Answer. Well, that is my affair.

Q. What bank did you take it to?

A. I refuse to answer. I don't have to say.

Q. How much money did you transfer from Paris here?

A. That is my affair.

This is the first indication of the nature of the testimony being taken by the grand jury that has reached the outside world.

The questions evidently relate to the purchase of stock in a fast house by some of the Oswalds, and the money is said to have gone into the venture.

Durand was to have been examined yesterday before Justice Stephens on the charge of conspiring with Nick Oswald and others to obstruct justice by avoiding a grand jury subpoena. When the hour of the examination came, however, Deputy District Attorney Ford appeared in court and requested the dismissal of the case.

Immediately thereafter, Durand was taken to Judge James' court to answer the contempt charge.

The little Frenchman was scared and sulen. He was informed of the charge through an interpreter. He replied that he had refused to answer the questions of the foreman of the grand jury on the advice of his attorney. He said he denied the legal right of the grand jury to ask such questions. Judge James continued the case until 3 o'clock today.

LOOKING FOR BROWN PAL.

Japanese Accomplice of Franz-Financier Brown, as Effectively Out of Sight as He.

Where is the Japanese accomplice of Harry D. Brown, the broker, who disappeared while the police were seeking him on a charge of passing worthless checks?

Like his master, the Japanese either disappeared or is in hiding. It is believed he could throw light on the disappearance of the frenzied financier with whom he operated.

"Three Hundred Per Cent. Harry," as Brown was known, had offices at the Union Trust building. He was a big business man among the Japanese. They were looking for a get-rich-quick scheme, and Brown's promises looked good. Through his Japanese agent he worked the orientals to a pitch of rare enthusiasm, and they eagerly looked to him for a chance to gamble their money on what they considered the greatest get-rich-quick scheme in the country. The inducements held out would have made a status pawn pedestal to get in on the ground floor.

Now the orientals are sadder and a good deal wiser, but with accustomed stolidity they are saying nothing. Many of them gambled all their savings in the hope of making a fortune and returning to Japan to live in ease and plenty. They have gone back to work with the dreams of tea houses and broad paddies fields shattered.

Brown finally reached the limit in his speculations. Almost every Sunday in Los Angeles had been separated from his loose change when the crash came. Brown's debts are said to amount to \$200,000. His alleged victims include many hotel clerks, bellboys and porters who were induced to gamble their small savings in the hope of a rich reward.

HUMOR FOR PREACHERS.

Dr. Burdette "Buets a 'Funfest' for the Members of the Ministerial Union.

At the meeting of the Ministerial Union yesterday in the Y.M.C.A. auditorium, Dr. Robert J. Burdette made an entertaining talk on the topic: "And So." Dr. Burdette, said in opening, that a younger minister should have been chosen, some fellow laid out of college, for then he is as much more than he ever will again.

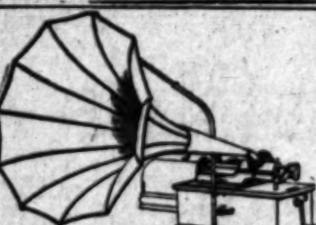

"I knew many things when I was that age," said the humorist, "but the rest of mankind did not know, but I have hammered away at them until now all the people know them."

He said he did not like the expression, "foreign missions," for wherever the gospel is preached there is a church and not a foreign mission, and "China was dressing in silk when our forefathers were chasing bears to get something to cover their nakedness."

He had some good-natured fun at the expense of the home missionary societies that send boxes of second-hand clothing to the brave young minister at work on the frontier. He declared the church is fast becoming a financial institution, in which the people are worked to a finish for money, and it is then called "missionary work." He thought it was perfectly proper to "shear the lambs," according to the Bible injunction, and that while the wolf is legitimate plunder, the "hide still belongs to the lamb."

## Your Hair is Worth It

Afraid to use hair preparations? Don't know exactly what to do? Then why not consult your doctor? Isn't your hair worth it? Ask him if he endorses Ayer's Hair Vigor for falling hair, dandruff, a hair tonic and dressing. Have confidence in his advice. Follow it.

## A Song for Every Heart

No way of amusing people is so sure of results as by means of a talking machine. Start one anywhere and everybody gathers around it.

Our stock of Victrola and Edison Phonographs is complete. All styles and prices. Terms as low as \$1 per week.

All the latest records. Buy direct from us.

## This Will Interest Mothers.

Mother Gray's Sweet Powder for Children. A certain relief for Feverishness, Headache, Cough, Croup, Sore Throat, and all the troubles of the little ones. It is a sure remedy for all the troubles of the little ones. It is a sure remedy for all the troubles of the little ones.

## RECALL'S FATE.

(Continued From First Page.)

read into the charter that is not there.

"The people did not reserve to themselves the right to elect a successor to an official who had resigned; they delegated that power to the City Council."

"The question to be determined is what was the unexpired term of Harper when his resignation was accepted."

"Three years after the recall was placed in the charter an amendment was adopted, providing that, in the event of a vacancy in the City Council, a special election shall be called at once to fill it, and that the Council shall elect men to fill all other vacancies in elective offices for the unexpired term."

"Throughout the charter there are no references to the unexpired term. There are no qualifications as to what it is; it simply means the remainder of the term for which the incumbent was elected."

"In the present case the Council declares the office of the Mayor vacant. That body then considered it its duty to elect a man to fill the vacancy. Mr. Stephens was elected. For what period? For a day, for a week, or for the unexpired term?"

"It would have been the same if Harper had died. He was politically dead, and the same rule applies as if he were physically dead."

"No wrenching or twisting of the charter is needed to make it read as we argue. We must take the law as we find it and not say the people erred in framing it."

"If the people had desired to retain the power of saying who should be the successor of the man removed under the recall, they would have made that provision in the charter. Instead of that, three years after the recall was incorporated in the charter, an amendment was adopted providing that the Council shall fill vacancies in elective offices for the unexpired term."

"With the resignation of the man sought to be removed, the reason for the recall ceases."

"The Mayor was not removed by the calling of the recall election. Had he remained in office, he would have been the Mayor up to the time of the counting of the votes at the recall election, and even for ten days after that in the event his successful opponent did not qualify until that time."

"The charter provides that, should the incumbent receive the highest number of votes at a recall election, there was no end to his term. There was no end to his term. There was no end to his term."

He not even required to qualify or to take the oath of office. It is not provided that he shall succeed himself, but that he shall continue in office.

"A vacancy when it does occur is a vacancy, and in accordance with the express provisions of the charter the power to fill it rests with the Council."

HOLSTON'S PLEA.

Attorney Holston followed Mr. McCreary. He argued that the inconvenience to the public through the stoppage of the election would far outweigh any that might be suffered by the plaintiff who sought the injunction on the ground that it affected his interests as a taxpayer. What might happen after the election, he said, is matter of conjecture and is so admitted.

"The sole object of the recall is to remove a public official, and the object is attained by any means, and that no election should be held."

"The successor of the predecessor, the one who holds office now as Mayor is the successor of Harper. It is so alleged in the complaint and is so admitted."

"The sole object of the recall is to remove a public official, and the object is attained by any means, and that no election should be held."

## \$4.50 and \$5 Genuine German Silver

Mesh Bags \$2.50

Bags change with the season, just as millinery and neckwear do. Might as well be in style in bags. We are—and here they are below price, too. We can handle big quantities—that's why. You've never seen anything to approach these for the money. They're worth a lot more.
